INNOVATION - A WAY OF LIFE

BLACK+DECKER has been at the forefront of innovation starting with the invention of the first pistol grip electric drill in 1916. It has since brought several world's first for its consumers to emerge as a global marketer and manufacturer of quality products used in and around home.

In 1979, BLACK+DECKER invented a completely new concept in household cleaning called as Dustbuster®, expanding its cordless revolution from the workbench to all parts of home and beyond. Since the launch of world's first handheld cordless vacuum cleaner and evolving through Pivot (2006) and Flexi Dustbuster® (2009) designs into the current day range, almost four decades later BLACK+DECKER continues to lead innovation in the handheld cleaning category.

In 2010, for the evolving hypoallergenic home sanitizing segment, BLACK+DECKER developed the Steam Mop™ Deep Clean Series encompassing an all-round home steam cleaning solution, catering both floor and above-the-floor applications. The global success and wide acceptance led to the development of a full range of environmentally friendly steam mops in 2012, using only water and heat. The most recent introduction in 2017 i.e. 3rd generation of steam mops is a more advanced range and includes an innovative SteaMitt™- giving the power of steam in the palm of user's hand.

With a heritage of more than 100 years as one of the most trusted brand in the world, in 2014, BLACK+DECKER revealed a new global brand identity for its consumer branded tools and home products. The new BLACK+DECKER identity builds on that trust of providing innovative and reliable products while providing consumers a meaningful, emotional and empowering experience for the home.

At BLACK+DECKER, we are focused to create practical, meaningful products and services that make life easier - empowering people to do better, safer, more significant work!

5 FACTORS TO BE CONSIDERED WHILE CHOOSING THE VACUUM CLEANER

If you're serious about cleaning your carpets and shining your floors, just any vacuum won't. Type, features and vacuum design are important, but the type of floors and the level of cleaning they require should be your focus when making a decision.

BAG OR TANK CAPACITY: The more quickly the bag fills, the more frequently it will have to be changed. Keep in mind that, as the bag fills, the efficiency of your vacuuming goes down. Change bags often for top efficiency.

AIR FLOW: This will be measured in cubic feet (or centimeters) per minute. The more air flow, the better. Air flow is what carries the soil up into the bag or container.

AIR FILTRATION: The cheapest systems have a cloth bag that has to be dumped, cleaned regularly and replaced since it becomes saturated with dust. Better units will have two to four stage filtration systems with throw away paper filter bags down to 0.3 micros or less to reduce dust.

ERGONOMICS: The weight of the machine, handle construction, wheels or rollers if an upright unit, length of cord and maneuverability are all factors that impact the decision for utilizing a unit.

KEEP AN EAR OUT FOR NOISE: When it comes to hearing protection, canister vacuums are the best choice because they tend to be quieter as compared to other types of

HANDY VACS

VH801

800W Handheld Vacuum Cleaner & Blower

Power: 800 W

Dust Bowl Capacity (Transparent) : 900 ml

Cable Length: 5 m

- Features:**
- 5 Handy Accessories
 - Equipped with strips
 - Blower function
 - Vacuum function
 - Translucent dust bowl that can be removed & washed

Accessories: Service Nozzle, Blow Nozzle, Extension Hose, Sofa Brush, Shoulder Strap

VH802

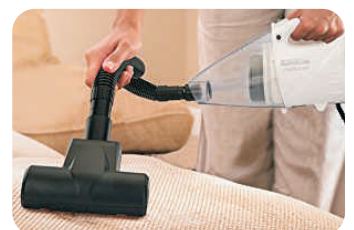

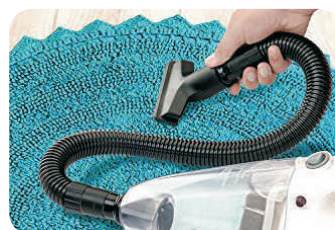

800W Vacuum Cleaner & Blower

Power: 800 W

Dust Bowl capacity (Transparent): 900 ml

- Features:**
- 7 handy accessories
 - Turbo brush for carpet cleaning
 - Blower function with special attachments to blow out dirt & dust
 - Soft extension hose to clean difficult to reach areas
 - 2 additional attachments for crevice and sofa cleaning

Accessories: Service Nozzle, Blow Nozzle, Extension Hose, Sofa Brush, Shoulder Strap, Turbo Brush, Telescopic Tubes (2)

AV1205

12V DC Auto Vac

Motor Power: 12.5 W

Cord Length: 5m

Dust Bowl Capacity: 500 ml

- Features:**
- Ergonomic design for comfortable use
 - Twin action filtration system

Accessories: Service Tool & Brush

ACV1205

12V DC Auto Vac

Power: 12.5 W

Cord Length: 5m

Dust Bowl Capacity: 700 ml

- Features:** Twin action filtration system

Accessories: Service Tool (long), Service Tool (short), SA brush, SA Hose, Adaptor floor extension, Storage bag

WDC215WA

7.2V Wet & Dry Vacuum Cleaner

Power Rating: 7.2 V

Suction Power: 15.5 Air Watts

Total Battery Energy: 10.8 Wh

Features:

- 2 in 1 functionality means this vacuum is also perfect for picking up dust, dirt and debris
- Light weight cordless technology provides 'grab & go' convenience

Accessories:

- Brush Tool
- Charging base / wall attachment
- Crevice Tool
- Squeegee Accessory

WW100

4V Cordless Window Vacuum Cleaner

Power Rating: 3.6 V

Bowl Capacity: 100 ml

Features:

- Rotating head allows easy transition between spraying, cleaning and vacuuming
- Can be used with a range of washing up liquids and window cleaning solutions.

Accessories:

- Micro USB charge cable
- On board washable micro fiber pad
- On board detergent spray trigger
- 280mm squeegee head

ADV1210

12V DC Cyclonic Auto Vac

Motor Power: 12 W
Cord Length: 5m
Dust Bowl Capacity: 900 ml

Features:

- Extra long nozzle with wide mouth
- Ergonomic design for comfortable use
- Twin action filtration system

Accessories: Flexible hose, Crevice Tool (Long), Brush, Storage bag, Squeegee Accessory

ADV1220

12V DC Cyclonic Auto Vac

Motor Power: 12.5 W
Cord Length: 5m
Dust Bowl Capacity: 600 ml

Features: Twin action filtration system

Accessories: Crevice tool (long), Crevice tool (short), SA Brush, SA Hose, Adaptor floor extension, Storage bag

NV1200AV

12V DC Dustbuster Car Vacuum

Motor Power: 12.5 W
Dust Bag Capacity: 370 ml
Air Flow: 1122 l/min
Cord Length: 5m
Suction Pressure: 385mm/water
Weight: 0.85kg

Features:

- Double action filtration system
- Ergonomic design for comfortable use

Accessories: Brush tool, Small Crevice tool

NV1210AV

12V DC Dustbuster Car Vacuum

Motor Power: 12.5 W
Dust Bag Capacity: 370 ml
Air Flow: 1122 l/min
Cord Length: 5m
Suction Pressure: 385mm/water
Weight: 0.85kg

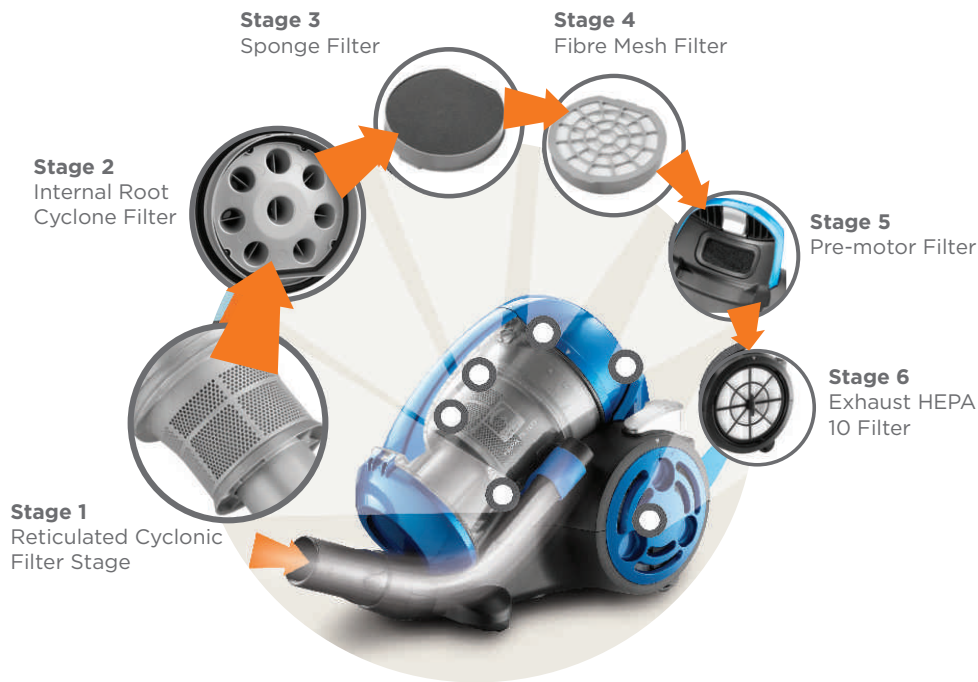

Features:

- Double action filtration system
- Ergonomic design for comfortable use

Accessories: Brush tool, Small Crevice tool, Large Crevice tool, Hose, Right angle brush, Hose connector

MULTICYCLONIC BAGLESS VACUUM CLEANERS

ADVANTAGES

- Faster Cleaning for busier lives
- Improved filtration and dust separation for cleaner homes
- Less noise pollution

RUNTIME plays an important role

- Use it continuously for over 30 mins without having to switch off
- Motor can withstand continuous usage

CLEAR BOWL

- To see the technology
- To monitor the dirt and debris that have been picked up

LIGHTWEIGHT & EASY MANOEUVREABILITY is crucial

- To clean quickly between rooms
- It's critical for the aging population

VERSATILITY is a valuable feature

- Good for awkward areas & upholstery

COMPACT DESIGN

- Easy storage
- Flexibility in cleaning (easy to clean under furniture)

SUCTION POWER Consistent and strong

- Power to pick-up heavier debris (peas, sweet corn, raisins)

CORDED VACS

VM1200

1000W Bagged Vacuum Cleaner

Power:	1000 W
Suction Power:	100 Air watts
Dust Bag Capacity:	1.0 L washable

- Features:**
- Dust bag full indicator
 - Cord rewind function
 - Easy carry handle
 - Rubber Wheels

Accessories: Upholstery brush, Telescopic tube, Floor Cleaner and cervice tool

VM1480

1400W Multicyclonic Bagless Vacuum Cleaner

Power:	1400 W
Dust Compartment Capacity:	1.8 L
Cord Length:	5m

- Features:**
- 6 stage filtrations with multi cyclone
 - Variable speed step less suction for better control
 - Overload protector
 - Automatic cord winder
 - Washable low maintenance filters

Accessories: 2 in 1, round and upholstery brushes

VM1680

1600W Multicyclonic Bagless Vacuum Cleaner

Power: 1600 W

Dust Compartment Capacity: 2.5 L

Cord Length: 5m

Features:

- 6 stage filtrations with multi cyclone
- Variable speed step less suction for better control
- Overload protector
- Automatic cord winder
- Washable low maintenance filters

Accessories: 2 in 1, round and upholstery brushes

VM1880

1800W Multicyclonic Bagless Vacuum Cleaner

Power: 1800 W

Dust Compartment Capacity: 2.5 L

Cord Length: 5m

Features:

- 6 stage filtrations with multi cyclone
- Variable speed step less suction for better control
- Metal Telescopic Tube
- Overload protector
- Automatic cord winder
- Washable low maintenance filters

Accessories: 2 in 1, round and upholstery brushes

VM2080

2000W Multicyclonic Bagless Vacuum Cleaner

Power: 2000 W

Dust Compartment Capacity: 2.5 L

Cord Length: 5m

Features:

- 6 stage filtrations with multi cyclone
- Variable speed step less suction for better control
- Metal Telescopic Tube
- Overload protector
- Automatic cord winder
- Washable low maintenance filters

Accessories:

2 in 1, round and upholstery brushes

VM2825

2000W Bagless Cyclonic Vacuum Cleaner

Power: 2000 W

Dust Compartment Capacity: 1.8 L

Cord Length: 5m

Features:

- Cyclonic action spins dust & debris away from the filter so suction power remains strong
- HEPA 12 filter for clean air
- Stainless steel telescopic tube
- Large floor head for maximum floor coverage
- Washable low maintenance filters
- One touch cord rewind function
- Removable and washable dust container parts

Accessories:

2 in 1, round and upholstery brushes

BARREL VACS

BV2000

2000W Barrel Vacuum Cleaner

Power: 2000 W
 Cord Length: 5m
 Tank Capacity: 20L
 Hose length: 150cm

Features:

- Permanent filter for easy cleaning
- Easy to clean, washable cloth filter
- Metallic telescopic tube
- Wheel base for easy maneuverability
- On-Board storage for accessories
- Wrapped around cord storage area
- Blower function to blow dust & debris

Accessories:

Crevice tool, Floorhead and round brush

PRESSURE WASHERS

PRESSURE WASHERS

WHY PRESSURE WASHERS?

Pressure washing is the use of high-pressure water spray to remove loose paint, mold, grime, dust, mud and dirt from surfaces and objects such as buildings, vehicles and concrete surfaces. Pressure washing is employed by businesses and homeowners to reduce allergies, minimize hazards, and improve aesthetics.

80%
WATER
SAVING

The **Total Stop System (TSS)** allows the user to control the power to the washer with a trigger gun, with on an average saves upto 80% of water.

Garden Hose*

Maximum Pressure
4 BAR
Water Consumption
2052 l/h (A)

*Hose with 1/2 inch section

Pressure Washer*

Maximum Pressure
130 BAR
Water Consumption

GL360

String Trimmer

A powered grass trimmer with a nylon cutting cord which rotates rapidly on a spindle

Specifications:

Power: 350 W
 Product Dimensions: 53.7 x 13 x 20.6 cm
 Cutting Swathe Dia: 25 cms
 Power Source Corded: Electric
 Weight: 2.1 Kg

Special Features:

- Electric Start
- Lightweight and dual handed string trimmer; comfortable & easy to use
- Powerful 350W motor and 25cm cutting swath for efficient trimming of small gardens

GT4245

Hedge Trimmer

A gardening tool or machine used for trimming/ pruning hedges or solitary shrubs (bushes).

Specifications:

Power: 420 W
 Product Dimensions: 19.7 x 103 x 18.5 cm
 Blade Length: 45 cms
 Power Source Corded: Electric
 Weight: 2.1 Kg

Special Features:

- 2 handed starting switch prevents accidental starting
- Simple cable management system; avoids cable getting in the way gardens
- Durable, robust and sharp metallic blade
- 45cm blade length and 16mm blade gap

BLOWER

GW3030

Leaf blower cum High Impact 10:1 shredder

Specifications:

Power: 3000 W
 Product Dimensions: 52.5 x 40 x 26.5 cm
 Cutting Swathe Dia: 25 cms
 Power Source Corded: Electric
 Weight: 7 Kg

Special Features:

- High Performance suction power for rapid removal of even the most stubborn wet garden debris
- 40L high capacity bag minimizes the need for frequent emptying.
- Large bag opening ensures easy empty of debris.

LAWN MOWERS

BEMW451BH

Rotary Lawn Mower 32 cm

Specifications:

 Power: 1200 W
 Type: Rotary
 Dimensions: 63.7 x 35.6 x 4.5 cm
 Weight: 9.35 kg

BEMW461BH

Rotary Lawn Mower 34 cm

Specifications:

Voltage: 240 V
 Power: 1400 W
 Type: Rotary
 Dimensions: 75.2 x 38.2 x 41.4 cm
 Weight: 13.5 kg

BEMW471BH

Rotary Lawn Mower 38 cm

Specifications:

Voltage: 240 V
 Power: 1600 W
 Type: Rotary
 Dimensions: 77.2 x 43 x 42.3 cm
 Weight: 14.7 kg

TRIMMER & CUTTER

DCM571N

54V Flexvolt Grass Trimmer & Brushcutter Bare

Specifications:

- Everything from simple grass trimming to heavy duty clearing work. Fast Cutting 38cm cutting swath for fast job completion over large areas.
- Includes Brush cutter Adapter kit & Brush Knife
- High efficiency brushless motor with metal motor housing longer runtime, longer life, more durability and efficiency.
- Supplied with 2.0mm twisted line for fast, efficient cutting.
- Hi / Low Speed Control with variable speed
Low = 0-5,100, High = 0-5,600
- No load run time with line 54 mins (Low speed),
44 mins (High speed) Using 54V, 3Ah battery.
- Enclosed & durable Xenoy™ battery housing.
- Total assembled length 1.8m
- Shoulder strap included.

NOTE: Supplied as a bare unit Battery & Charger not included.

HEDGE TRIMMER

DCM563PB

18V Hedge Trimmer

Specifications:

- Wrap around aux handle for a comfortable grip in multiple orientations
- Extended runtime: up to 75min trimming per charge (with a 5.0Ah battery)
- Compact and lightweight design for less user fatigue whilst trimming
- Latest range extension to the XR system professional performance with the added convenience of being cordless
- 55cm dual action, laser cut blades with 19mm cutting gap and hardened steel for longer life and lasting sharpness

NOTE: Supplied as a bare unit Battery & Charger not included.

BLOWER

DCM562P1

18V Brushless Blower

Features:

- Quiet design under 65db
- Lightweight and compact design at just 3.2kg, the design minimises stress to the users arm
- Comfort grip handle ergonomically optimised handle size and position with an over mould for additional user comfort
- Variable trigger and speed lock allows for total power control, with the ability to lock speeds
- Air speed of 90 mph
- Supplied with 1 x 5.0Ah battery

CHAINSAWS

DCM565N

18V Compact Chainsaw

Features:

- 30cm oregon bar and chain
- High efficiency brushless motor delivers up to (70) 4x4" cuts per charge (18V, 5ah)
- Automatic oiling reduces maintenance
- Tool free bar fitment & chain tensioning fast chain adjustments
- Variable speed trigger no pull starting and improved control during cutting
- Chain speed 7.68 M/s
- Extra grip and comfort in prolonged use

Note: Battery and charger not included

DCM575X1

54V Flex Volt Chainsaw Kitted

Features:

- 40cm oregon bar and chain
- High efficiency brushless motor delivers up to (130) 4x4" cuts per charge (3.0Ah)
- Tool free bar fitment & chain tensioning fast chain adjustments
- Variable speed trigger no pull starting and improved control during cutting
- Chain speed 15 m/s
- Extra grip and comfort in prolonged use
- Supplier with 1x54v, 3.0Ah battery+8a charger
- 3/8 low profile (90px) 1.1mm gauge

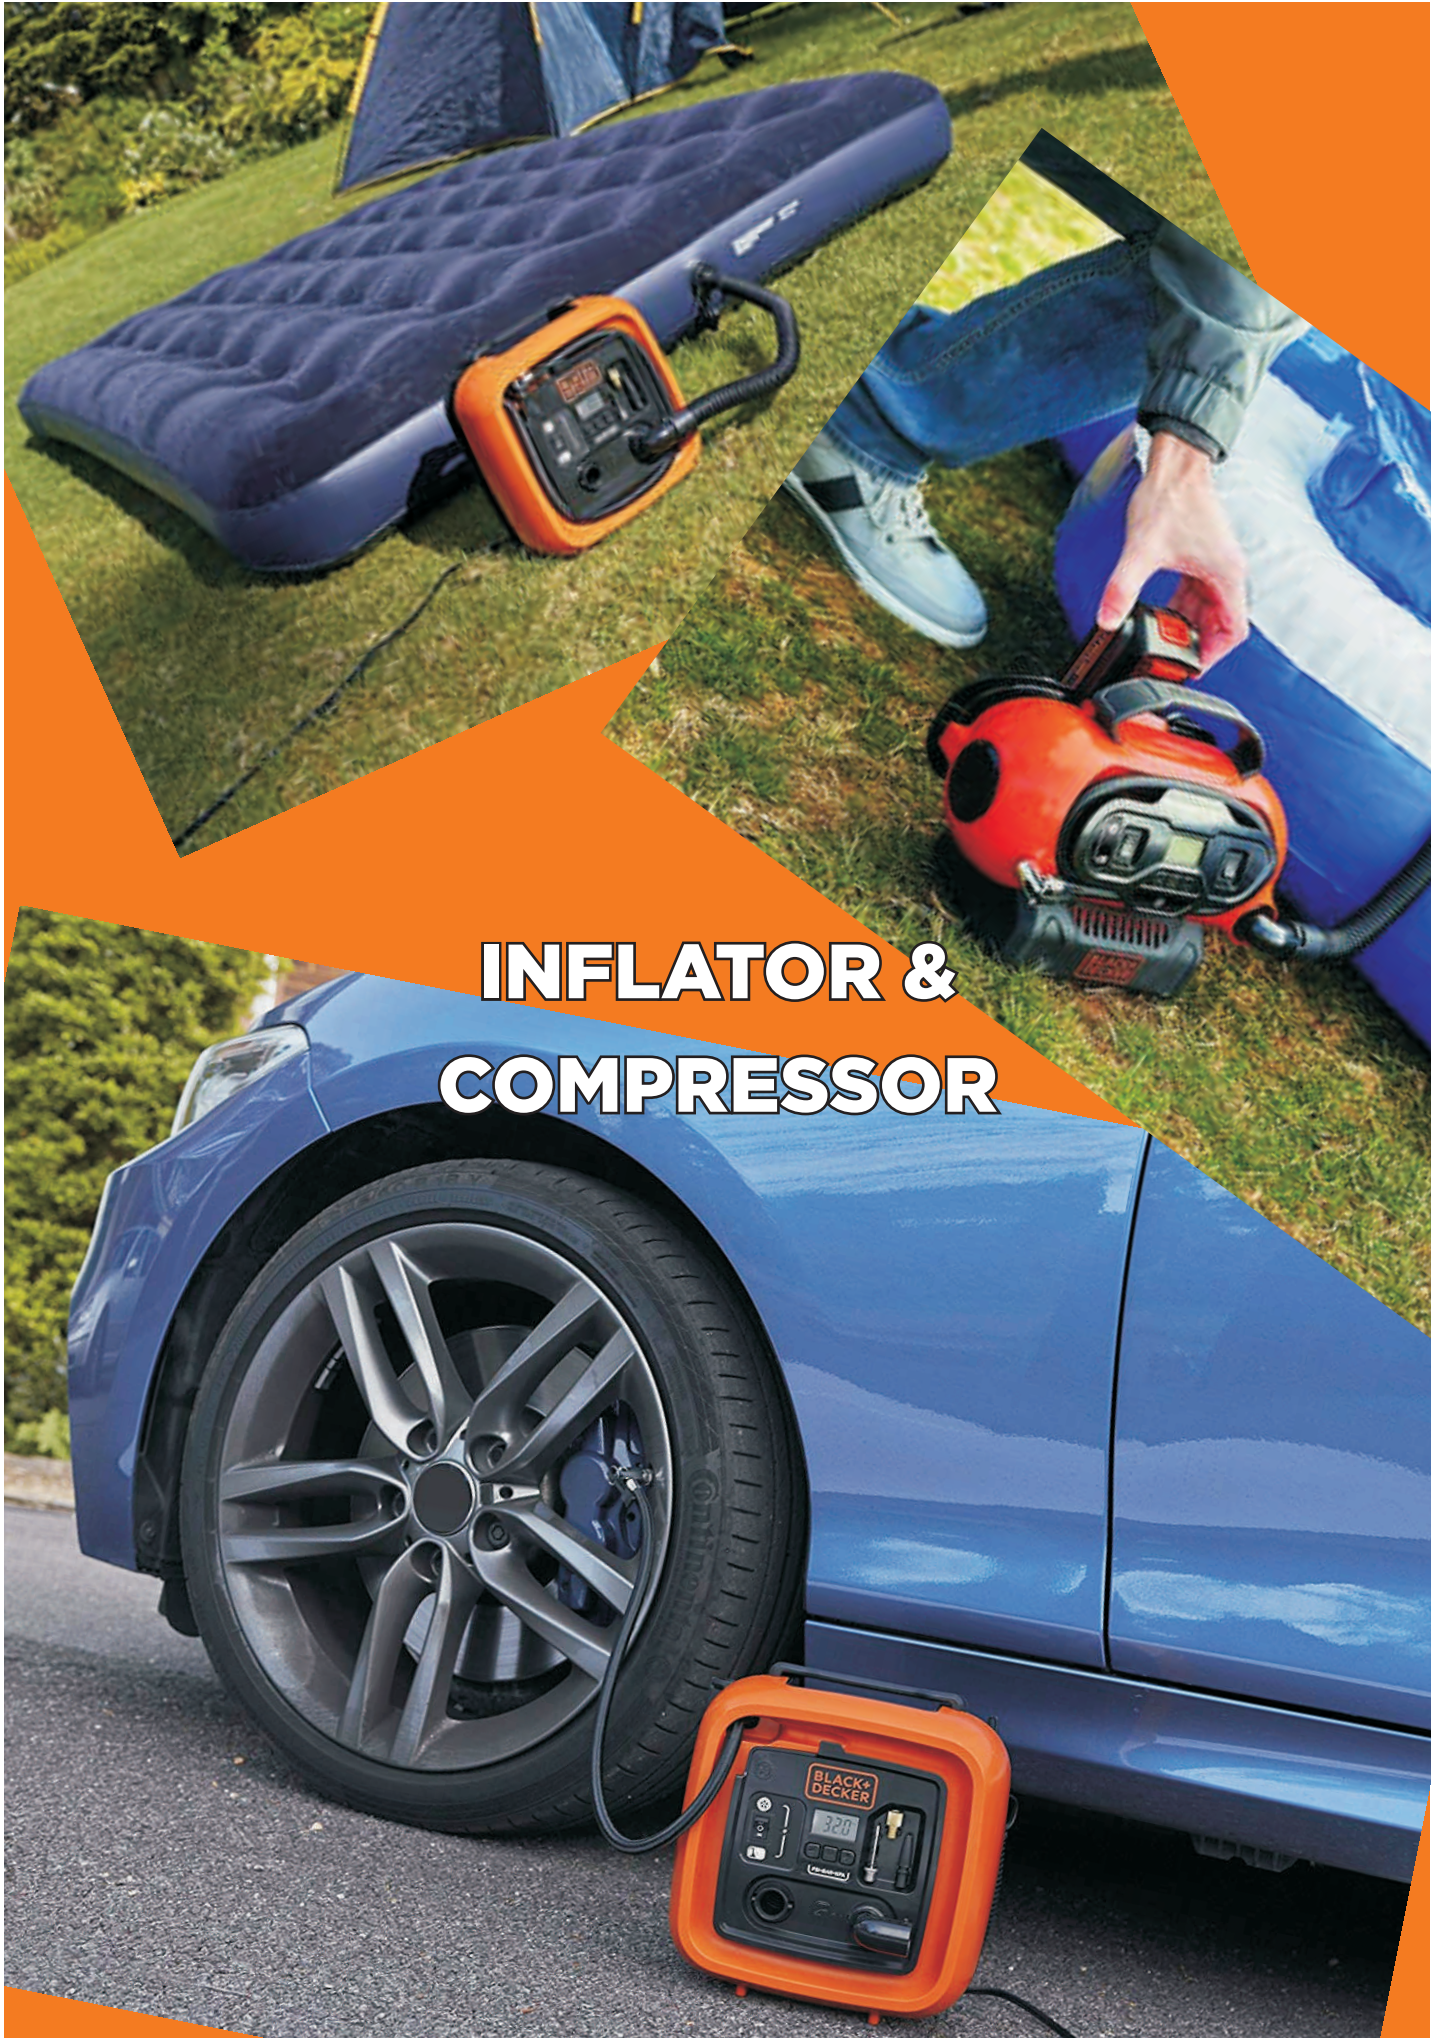

LAWN MOWER**DCMW564N**

2 x 18V XR Mower

**Features:**

- 51cm durable metal deck for lawn areas upto 800m²
- High efficiency XR Brushless motor
- Runs with 2x18V Dewalt XR Batteries, delivering 36V power
- Two port electronic dashboard, provides instant feedback on battery charge status
- Compact & lockable heavy duty rubber wheels for easy transport & storage
- Mulching & bagging capabilities
- 55L grass collection capacity

Note: *Battery and charger not included*

INFLATOR & COMPRESSOR

INFLATOR & COMPRESSOR

AS1400

12V / Corded Inflator

Features:

- Automatic Shut Off feature ensures accurate results every time; no risk of over or under inflating
- The powerful 160PSI / 11 Bar Air compressor handles a large variety of inflation tasks
- The compact design allows for easy storage in the vehicle boot / shelf / cupboard etc.
- Powerful design - handles the most demanding inflation tasks
- Digital gauge to view current pressure and set target pressure
- 12V DC Power Source
- High pressure inflation hose for inflating sports equipment and tires
- High volume inflation hose for larger inflatables.

Usage:

- Inflating large vehicle tyres
- Inflating car tyres
- Inflating Sports equipment, footballs, basketballs etc.
- Inflating or deflating swimming pool inflatables.

BDCINF18N

HPP Inflator

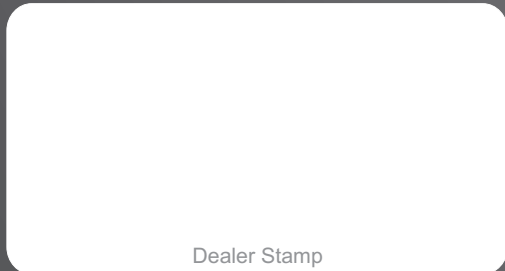

Features:

- All rounder preset switch for 2 operating modes, e.g. for tyres /ball (high pressure/ low volume) or for air mattresses (low pressure/high volume) and additional pumping mode.
- User friendly automatic shut off when the preselected pressure is reached, and illuminated, easy to read digital display
- Convenient accessories storage on the device, the appropriate valves and hoses always at hand.
- Handy optimal product dimensions, light weight and high quality rubber carry handle.

Accessories: Compressor 11 bar, 3 valves, without battery & charger (sold separately)
